

## THE NCC NEEDS YOU!

“The achievements of an organization are the results of the combined effort of each individual.” - *Vince Lombardi*

For over 60 years, many wonderful hard-working people have helped the NCC become the vibrant organization it is today. But we need more help. Especially now. Our President, is facing a health issue and cannot work in full capacity at this time. Please review the list of tasks below and contact the NCC ([Noyac.org/contact/](http://Noyac.org/contact/)) to lend a hand, or two!
